### ***Local Partners—Donations, Marketing, and Volunteer Opportunities***

Strong support by local institutions, businesses, and organizations has been integral in our efforts to educate Tennesseans on the importance of historic preservation. In past years, valuable venue space, equipment, and services have been donated. Others have promoted the conference within their own organization by sharing their mailing list as well as sharing updates and information via their social media. If you are interested in being a local partner, please contact Bridget Jones at [bridget@preservetn.org](mailto:bridget@preservetn.org).
